

A close-up photograph of a pine tree branch with vibrant green needles. The needles are sharp and densely packed, with some showing slight yellowing or damage. The background is a soft, out-of-focus green, creating a sense of depth. The lighting is natural, highlighting the texture of the needles.

MT Metsä

Media information 2025

MT.FI/metsä

MT.FI/metsä is a dedicated section of the MT.FI website that mainly covers news related to forestry. The site attracts over 430 000 visitors per week from all over Finland, and more than 135 000 of these visit the MT.FI/metsä section regularly every week (GA4/2024).

For advertisers targeting primarily Finnish forest owners, advertising on the MT Metsä section provides better campaign effectiveness due to increased contacts and lower costs.

Ask your contact person about targeting advertising to the MT Metsä section! Targeting fee +15%.

Display advertising is an important part of digital advertising. In addition to traditional display advertising, the MT.FI website has several interactive Rich Media advertising spots, native and video advertising.
